MAXIMIZE YOUR TIME, MINIMIZE YOUR IMPACT

Save time, money and help the environment by enrolling in three great programs that go great together.

- Automatic Payment Plan – Save time and a stamp by having your total amount due deducted from your checking or savings account automatically.
- Budget Billing Plan – Ease the fluctuations in your monthly bills and enjoy the convenience of a more predictable bill. Instead of paying your actual energy costs each month, pay an averaged amount with no unexpected surprises.
- Electronic Billing – Help save and plant trees by receiving an e-mail notification with a link to your new bill. BUDGET BILLING

Throughout the year, your monthly energy bill fluctuates. Seasons change, heating and cooling costs rise and fall, and energy use varies. This can make it difficult to manage your expenses. That's why MidAmerican offers budget billing.

Our Budget Billing Plan is a free program designed to ease the fluctuations in your monthly bills. So, instead of paying your actual energy costs each month, you pay an averaged amount with no unexpected surprises.

While the Budget Billing Plan is not a discount program and offers no savings or lower rates, you do get the convenience of a more predictable bill. You can choose to have your budget bill amount reviewed every three months or every six months. Eligible residential customers also can choose an annual review.

To enroll, log in to your Web account at www.midamericanenergy.com, or set one up as a new user. You also may call 888-427-5632.

Electronic Billing: SAVE A TREE, PLANT A TREE

MidAmerican offers the convenience of electronic billing free through our secure website. Once you create an account and sign up for electronic billing, you will receive an e-mail notification with a link to your new bill.

Not only will you help save trees, you will help plant trees. MidAmerican will donate a dollar to a tree-planting organization for each customer who signs up – for every five customers that sign up, a tree will be planted on our customers' behalf.

To enroll, log in to your Web account at www.midamericanenergy.com, or set one up as a new user.
