Project Information

Action plan number: _____ Project name: _____
 Estimated completion date: _____ Projected cost²: \$ _____ Projected annual savings: \$ _____
²Attach a copy of a quote or other cost breakdown.
 Project description:
(Describe measure to be installed. Attach additional sheets as necessary.)

System Savings Data

Estimated Baseline System Usage

Peak summer demand³ (kW): _____ Peak day gas (therms): _____
 Annual electricity (kWh): _____ Annual gas (therms): _____

Estimated System Savings⁴

Peak summer demand³ (kW): _____ Peak day gas (therms): _____
 Annual electricity (kWh): _____ Annual gas (therms): _____

³Peak electric-demand savings are demand reductions between 4 and 6 p.m. on weekdays in June, July, August or September, excluding national holidays.

⁴Provide as an attachment all assumptions and formulas used to calculate the cost, estimated electricity and/or natural gas energy savings, and electric peak-demand savings if applicable. Provide descriptions of all variables used in the formulas.

Customer Agreement and Signature

I, the undersigned, agree that to the best of my knowledge, the energy efficiency measures listed above are representative of the project we expect to implement as a participating customer in MidAmerican Energy Company's EnergyAdvantage Nonresidential Energy Analysis program. I understand that incentive amounts are determined from the project-specific data submitted on this summary form and that implementation incentives for similar measures may vary from program participant to program participant based upon specific costs and savings. Incentives awarded are subject to available program funds. MidAmerican Energy Company may conduct a pre- and/or post-installation inspection to verify savings. I am authorized by the customer organization listed above to submit this summary on its behalf.
