TERMS AND CONDITIONS

- Participants must be MidAmerican Energy Company nonresidential customers, located in Iowa. Primary energy required by qualifying measure must be purchased directly from MidAmerican Energy Company.
- Rebates exceeding \$10,000 require preapproval by MidAmerican Energy Company. Projects must be completed within six months of preapproval.
- Applications must be submitted within three months of equipment installation in existing buildings and within six months of equipment installation in new construction.
- An itemized and dated invoice from the dealer or contractor must accompany the equipment application. Applications must be completed in full; incomplete applications will delay processing and may be returned. Applications must include the equipment manufacturer's name, model/serial number, efficiency rating and the quantity of high-efficiency equipment installed.
- Rebates are based on rebate schedule in effect on the date of the dealer invoice.
- Rebate checks will be issued to the building owner or account holder when equipment is installed in an existing building. Checks will be issued to builder/general contractor or building owner when equipment is installed in a new building.
- Equipment must be installed and operating prior to submission of application. MidAmerican Energy Company reserves the right to verify installations.
- MidAmerican Energy Company reserves the right to install a metering device on new equipment to verify energy savings.
- Rebates may be subject to income tax. Consult your tax advisor for more information.
- MidAmerican Energy Company reserves the right to change or cancel this program at any time.

FEDERAL TAX DEDUCTIONS FOR ENERGY EFFICIENCY

For a limited time, a tax deduction of up to \$1.80 per square foot is available to owners or designers of new or existing commercial buildings that save at least 50 percent of the heating and cooling energy of a building that meets ASHRAE Standard 90.1-2001. Partial deductions of up to \$.60 per square foot can be taken for measures affecting any one of three building systems: the building envelope, lighting, or heating and cooling systems. Visit www.energystar.gov/taxcredits and click on Commercial Buildings under Other Tax Information for details or consult a tax advisor.
