

# 2010 Iowa Residential Equipment Program

Financial incentives  
for updating your  
Iowa home with  
high-efficiency  
equipment.

# Save on equipment installed in Iowa homes between Jan. 1, 2010, and Dec. 31, 2010.

## The EnergyAdvantage<sup>®</sup> Residential Equipment

program from MidAmerican makes it easier for Iowa customers to enjoy long-term savings on energy bills and increased comfort through new heating, cooling and water heating equipment and qualifying appliance rebates or financing options.

### Eligible Equipment

The Residential Equipment program offers rebates to Iowa customers who purchase and install qualifying heating, cooling and water heating equipment and qualifying appliances fueled by gas and/or electricity supplied directly by MidAmerican. Depending on energy efficiency ratings of specific models, rebate amounts vary.

Equipment Type	Rebate Amount
Natural gas furnaces	<b>\$250 - \$400</b>
Efficient furnace fan motor	<b>\$50</b>
Natural gas boilers	<b>\$150 - \$400</b>
Natural gas water heaters	<b>\$75 - \$300</b>
Electric water heaters	<b>\$50</b>
Window air conditioners	<b>\$25</b>
Central air conditioners	<b>\$100 - \$200</b>
Air-to-air heat pumps	<b>\$100 - \$400</b>
Add-on heat pumps	<b>\$100 - \$400</b>
Ground-source heat pumps	
<i>New closed loop installation</i>	<b>\$2,000</b>
<i>New open loop installation</i>	<b>\$1,000</b>
<i>Replacement equipment</i>	<b>\$1,000</b>
<i>Desuperheaters</i>	<b>\$100</b>
Appliances	<b>\$20 - \$100</b>

Contact your heating and cooling dealer for the energy efficiency ratings of specific equipment.

### Competitive Interest Rate Financing Option

MidAmerican and First American Bank have teamed up to offer competitive interest rates on loans to purchase certain eligible equipment for your home. A six-month, same-as-cash option also is available. Iowa customers may choose either the rebate or a financing option, but not both. Call 800-894-9599 for more information about equipment eligible for financing and to initiate the loan process.

### Higher Efficiency Yields Bigger Savings

Some of our rebates are structured so that more efficient equipment will qualify for higher rebates. In order to compare the efficiencies between natural gas furnaces, heating efficiency is measured in Annual Fuel Utilization Efficiency and cooling efficiency is measured in Seasonal Energy Efficiency Rating. These ratings work like gas mileage on your car. The higher the rating number, the higher the efficiency and the greater the energy savings. In order to qualify for a rebate, the furnace must have an AFUE of 92 percent or higher and an air conditioner must have a SEER of 14 or higher. The chart on the following page will specify your rebate for several common efficiency levels.

### Participation Guidelines

Participating in the EnergyAdvantage Residential Equipment program is easy. After installing qualifying equipment, simply submit a completed Equipment Rebate Application and detailed invoice to MidAmerican for approval. Your heating and cooling dealer has a supply of Equipment Rebate Applications and will participate in its completion. Your application must be postmarked by Jan. 31, 2011. Equipment included in the EnergyAdvantage New Homes program comprehensive incentive is not eligible for additional incentives in the Residential Equipment program. Please allow four to six weeks for processing. For more information, call **800-894-9599**.

### Appliance Recycling

MidAmerican's Appliance Recycling program offers rebates to remove qualifying appliances. If your old refrigerator, freezer or window air conditioner is in working condition, you may qualify to have it picked up and properly disposed of and you'll receive a rebate. Call 800-621-2757 for more information.

Call **800-894-9599** today.

# 2010 Iowa Residential Equipment Rebate Schedule

## Natural Gas Furnace Rebates

AFUE	REBATE AMOUNT
92-93%	\$250
94-95%	\$325
≥ 96%	\$400

## Natural Gas Boiler Rebates

AFUE	REBATE AMOUNT
85-89.9%	\$150
≥ 90%	\$400

## Air Conditioner Rebates

SEER	REBATE AMOUNT
14	\$100
≥ 15	\$200

## Rebate Schedule

EQUIPMENT TYPE	ENERGY EFFICIENCY RATING	REBATE AMOUNT	TERMS AND CONDITIONS
Natural gas furnaces	92-93% AFUE 94-95% AFUE 96% AFUE	\$250 \$325 \$400	Maximum rebate \$400
Efficient fan motor for natural gas furnace	CEE air handling ratio < 0.02	\$50	Must be installed with new qualifying furnace; eligible for one rebate per motor; MidAmerican must supply natural gas and electricity
Natural gas boilers	85-89.9% AFUE 90% or greater	85-89.9% – \$150 90% or greater: \$400	Maximum rebate \$400
Natural gas water heaters	0.62 EF to 0.79 EF 0.80 EF and above	\$75 \$300	EF: Energy Factor Tankless water heaters are eligible
Electric water heaters	EF ≥ 0.93	\$50	EF: Energy Factor
Heat pump water heaters	EF ≥ 2.0	\$100	EF: Energy Factor
Window air conditioners 5,000-7,999 BTU 8,000-13,999 BTU 14,000-19,999 BTU ≥ 20,000 BTU	ENERGY STAR® EER ≥ 10.7 EER ≥ 10.8 EER ≥ 10.7 EER ≥ 9.4 EER	\$25	Must be ENERGY STAR rated
Central air conditioners	14 SEER ≥ 15 SEER	\$100 \$200	Must install a new matched condenser and coil SEER: Seasonal Energy Efficiency Rating
Air-to-air and add-on heat pumps	SEER 14 and <8.5 HSPF SEER 14 and ≥ 8.5 HSPF ≥ SEER 15 and <8.5 HSPF ≥ SEER 15 and ≥ 8.5 HSPF	\$100 \$200 \$200 \$400	< 65,000 Btu Must install a new matched condenser and coil HSPF: Heating Seasonal Performance Factor SEER: Seasonal Energy Efficiency Rating
Ground-source heat pumps			Rebates are per home and not per heat pump. Rebates are for single-family homes only; please call for rebate information on multifamily homes.
New systems Closed loop Open system Replacement equipment GSHP Desuperheaters	3.3 COP and 14.1 EER 3.6 COP and 16.2 EER 3.3 COP and 14.1 EER	\$2,000/home \$1,000/home \$1,000/home \$100/home	Equipment and new ground loop installation only
Appliances Refrigerator Freezer Dishwasher	ENERGY STAR Under the most current specifications	\$50 \$25 \$20	Refrigerator and freezer must be 10 cubic feet or larger. Must be ENERGY STAR rated
Clothes washers	ENERGY STAR	MidAmerican dryer heat \$50 MidAmerican water heat \$50	Must be ENERGY STAR rated and use MidAmerican fuel for drying or water heating
Lighting fixtures	ENERGY STAR	\$20	Must be ENERGY STAR hard-wired fixtures

### All units must be rated by the Air Conditioning, Heating and Refrigeration Institute.

DISCLAIMER: MidAmerican does not guarantee that installation and operation of energy-efficient equipment will result in reduced usage or in cost savings. The manner in which a customer uses and maintains energy-efficient equipment affects potential cost savings. MidAmerican makes no warranties, expressed or implied, with respect to any equipment purchased or installed, including, but not limited to, any warranty of merchantability or fitness for a particular purpose. In no event shall MidAmerican be held liable for any incidental or consequential damages or injuries resulting from defective equipment or installation. MidAmerican reserves the right to cancel or change these programs at any time. MidAmerican's acceptance of this application does not guarantee payment of rebate or acceptance of financing.

### Federal Tax Credits for Energy Efficiency

Energy efficiency pays! In addition to our EnergyAdvantage programs, the federal government is now offering a tax credit of 30 percent (up to \$1,500 total) to help you increase the energy efficiency of your home. Renewable energy projects, for new and existing homes, qualify for this 30 percent tax credit with no limit on the amount you spend. These programs are available for a limited time, so act now. Visit [www.energystar.gov/taxcredits](http://www.energystar.gov/taxcredits) for details or consult a tax advisor.
