Project Information

Project Name		Action Plan Number	
Project Description (Please list all measures to be installed and estimated completion dates. Attach additional sheets if necessary.)			
Applying for	Rebate Incentive		
Projected Cost ¹		Projected Annual Savings (\$)	
Project Site Location ²			

¹ Please attach a copy of a quote or other breakdown of cost for each measure to be installed.

² If customer has multiple sites, please list the location where the project will be implemented.

System Savings Data

Estimated Baseline System Usage				Estimated System Savings			
Peak Summer Demand ³ (kW)	Annual Electricity (kWh)	Peak Day Gas (therms)	Annual Gas (therms)	Peak Summer Demand ³ (kW)	Annual Electricity (kWh)	Peak Day Gas (therms)	Annual Gas (therms)

³ Peak electric demand savings are demand reductions during the periods of 4 to 6 p.m. on weekdays in June, July, August or September, excluding national holidays.

Please provide as an attachment all assumptions and formulas used to calculate the cost, estimated electricity and/or natural gas energy savings, and electric peak demand savings (if applicable). Please also provide descriptions of all variables used in these formulas.

I, the undersigned, agree that to the best of my knowledge, the energy efficiency measures listed above are representative of the project we expect to implement as a MidAmerican Energy Company EnergyAdvantage EfficiencyPartner. I understand that incentive amounts are determined from the project-specific data submitted on this summary form and that implementation incentives for similar measures may vary from program participant to program participant based upon specific costs and savings. Incentives awarded are subject to available program funds. MidAmerican may conduct a pre- and/or post-installation inspection to verify savings. I am authorized by the customer organization listed above to submit this summary on its behalf.
