

* RIDER NO. 12 EXCESS FACILITIES

The excess facilities rider is available to all gas sales and gas transportation customer rates.

Except as otherwise provided in the rate, the Company will furnish, as a normal installation, facilities adequate to supply service at a single point of delivery.

In the event facilities in excess of a normal installation are requested by the customer, or are found to be required to serve the customer's load, the Company shall furnish, install, and maintain such facilities, subject to the following conditions:

1. The type, extent, and location of such facilities shall be determined by agreement between the Company and the customer.
2. Such facilities furnished by the Company shall be the property of the Company.
3. The customer shall pay the Company at the time of installation the estimated cost of the excess facilities or the Company's standard rental charges in effect at the time of installation of the excess facilities. In the event there is a change made in the facilities which requires a change in the rental payment, the rental charge for all facilities being furnished by the Company will be based on the charges in effect at that time.
4. In the event excess facilities furnished by the Company are different than the standard materials used by the Company, the customer shall pay for the additional cost directly or the rental payment will be changed to cover this excess cost. In case the providing of excess facilities involves the furnishing, installing, and maintaining of facilities which may reasonably be used for other customers, the cost or rental payable by the customer shall be that portion of the total cost or rental which is reasonably assignable to the customer.

Issued: December 10, 1997

Effective February 1, 1998
