Programmable thermostats	Two or more set-backs; Wi-Fi and smart thermostats qualify	\$25

HomeCheck®

Free on-site HomeCheck energy assessment to eligible customers of MidAmerican Energy; energy expert may install free energy-saving items. MidAmerican Energy must provide the primary heating fuel to customer's home. Renters need owners' approval, home must be built before Jan. 1, 2007, and homes on farms are eligible. On-site assessment must be completed prior to insulation installation to qualify for a rebate.

\$200 available to customers who upgrade three qualifying recommended items within 12 months after the assessment.

Insulation

Equipment

Qualification(s)

Customer Rebate

An on-site HomeCheck assessment must be completed before insulation projects can qualify for rebates. The assessor will determine the not-to-exceed rebate level during the HomeCheck assessment.

Insulation	Attic/wall/kneewall	75% of total cost up to \$1,000
	Foundation/crawlspace	85% of total cost up to \$1,000
	Rim/band joist	75% of total cost up to \$0.70 per linear foot

Appliance Recycling

Equipment

Qualification(s)

Customer Rebate/Unit

Refrigerators	10 cubic feet or larger, no commercial sizes	\$50
Freezers	10 cubic feet or larger, no commercial sizes	\$50
Room air conditioners		\$25

Lighting

MidAmerican Energy works with many retail and manufacturing partners to provide discounted pricing on select ENERGY STAR certified LEDs and LED trim kits. The discounted pricing allows customers to receive the lower prices at the cash register and eliminates the need to fill out rebate forms. For a list of participating retailers, visit www.illinoisbebright.com or call 800-339-6856.
