

Save money and energy by purchasing a new ENERGY STAR® refrigerator and recycling your old, working refrigerator today!

APPLIANCE RECYCLING TRIVIA

Which refrigerator used the most energy in a year? (Answer in bottom right corner)

Each of the refrigerators pictured above was recycled through our Appliance Recycling program in 2017.

Have an old, working refrigerator? We'll pick it up, recycle it and send you \$50! See if you qualify and schedule a pick-up by calling 800-621-2757.

START SAVING ON YOUR ENERGY BILL IN THREE EASY STEPS!

Adding insulation to your home is one of the best energy efficiency improvements you can make – all it takes is three easy steps:

STEP 1

Get an on-site HomeCheck® by calling 800-545-0762 now to see if your home qualifies and to schedule a free assessment.

STEP 2

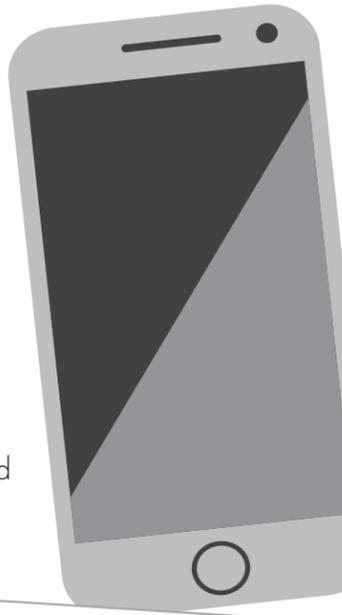

Install the insulation that the HomeCheck energy expert recommends.

STEP 3

Save money – up to \$1,000 – with an insulation rebate from MidAmerican Energy.

On-site HomeChecks will be offered to qualified customers until Oct. 1, 2018.

Remember, you have to have an on-site HomeCheck assessment and insulation has to be recommended before insulation projects begin to qualify for a rebate. Get started by calling 800-545-0762.

OBSESSIVELY, RELENTLESSLY IN YOUR COMMUNITY!

We are proud of the work our employees do on and off the job to power good in our communities. One of our employees, Brooke, puts smiles on hundreds of young faces around Iowa through her volunteer involvement with the Iowa League of Heroes. About her experience, she says, "Nothing compares to seeing a child light up and forget all of their troubles when they see their favorite superheroes. Each child we meet is truly a hero and is stronger than any of us."

RENEWABLE ADVANTAGE QUARTERLY REPORT

Through our Renewable Advantage program, Iowa customers can voluntarily contribute to help support renewable energy. At the end of March 2018, MidAmerican Energy's Renewable Advantage program had 670 monthly contributors and 6,343 one-time or periodic contributors. On average, monthly contributors gave \$4.52 and one-time or period contributors gave \$15.88. Thank you to all who contributed! Iowa customers can help support renewable energy by using the check boxes on your bill stubs January through October. To learn more about Renewable Advantage, visit www.midamericanenergy.com/renewable-advantage.aspx

ANSWER: Refrigerator A used the most energy. This fridge came from a customer in Des Moines. It was manufactured in 1965 and costs about \$292 per year to run. Compared to a similar 2017 ENERGY STAR refrigerator, which will use less electricity and costs about \$62 per year to run.

MAY 2018

AT YOUR SERVICE

MIDAMERICAN ENERGY COMPANY

I am humbled and honored by the responsibility and opportunity to serve you in my new role as president and CEO. Our vision at MidAmerican Energy is simple — to be our best on your behalf.

I have been with MidAmerican Energy most of my adult life. By working together, we have accomplished many things, and I am most proud of the people that work here. They are committed to serving you, working days, nights and weekends, to make sure you have the energy you need to power your life.

At MidAmerican Energy, we don't sit still. We are constantly moving forward. For example, our 100% renewable energy vision and commitment to clean wind energy helps keep your rates low, it's great for the environment, and it's simply the right thing to do.

As your energy provider, we are committed to you. We are obsessively, relentlessly at your service. That's our promise today and always.

Thank you for the opportunity to serve you,

Adam Wright
