

NONRESIDENTIAL ENERGY SOLUTIONS

2021 PROJECT PREAPPROVAL APPLICATION

This Preapproval Application is required for custom projects; no equipment can be purchased or any work initiated prior to receiving a formal preapproval letter. Please call MidAmerican Energy Company at **800-432-8583** or email nes@midamerican.com with questions about application procedures, qualifying projects, incentives or verification process. Program preapproval is not required for prescriptive projects.

Rebates are issued on a first-come, first-served basis. Rebates are offered until approved funds are exhausted or through Dec. 31, 2021, whichever comes first.

Please review the General Qualifications and Conditions located at MidAmericanEnergy.com/ee before signing and submitting this application. The following must be included:

- Key Input and Assumption (KIA) table
- Associated quotes
- Equipment cut sheet/manufacturer specification sheet
- A signature(s) in the Customer/Dealer Agreement section(s).

Submit completed application by:

Email: nes@midamerican.com

Mail: MidAmerican Energy Company

PO Box 8439

Des Moines, IA 50301

Total:			

*Installation/labor cost includes contractor labor only and does not include internal labor.

Required Documentation

- n Equipment cut sheet/manufacturer specification sheet: Include a cut sheet or manufacturer specification sheet for all equipment being installed as part of the project.
- n **Project proposal: Include your contractor's proposal for the project.**
- n Electric and natural gas savings calculations: Using industry-accepted engineering algorithms or simulation models, calculate the annual electric and natural gas savings by estimating the energy usage of both the existing (baseline conditions) and proposed equipment based on the current operation of the facility. Include appropriate documentation of sources and any assumptions used in the calculations. Technical support for savings calculations is available upon request.
- n Additional supporting data: Include any relevant energy data, drawings, trend logs or diagrams. Supplying this data with your application reduces review delays due to requests for additional documentation.

Questions or need assistance with the application? Call our energy efficiency representatives at **800-432-8583**.

Disclaimer

MidAmerican Energy Company does not guarantee that installation and operation of high-efficiency equipment will result in reduced usage or in cost savings. MidAmerican Energy Company makes no warranties, expressed or implied, with respect to any equipment purchased or installed, including, but not limited to, any warranty of merchantability or fitness for a particular purpose. In no event shall MidAmerican Energy Company be held liable for any incidental or consequential damages or injuries resulting from defective equipment or installation. MidAmerican Energy Company reserves the right to cancel or change these programs at any time. MidAmerican Energy Company's acceptance of this application does not guarantee payment of rebate.

Specific Terms and Conditions

- n All custom systems must specify a less-efficient, commercially available alternative for baseline comparison purposes (except lighting measures).
- n Custom projects require preapproval by MidAmerican Energy Company prior to purchase and installation of equipment or systems. Projects must be completed within six months of preapproval. All custom projects must be deemed cost-effective by MidAmerican Energy Company in order to be eligible for a rebate.
- n Eligibility is based on the qualifying equipment or system's energy savings, peak demand savings, usage profile and incremental cost.
- n Equipment must be new.
- n Incentives based on first year savings and calculated according to improvements
 - Electric improvements:
 - HVAC – \$0.18/kWh saved
 - Lighting – \$0.15/kWh saved
 - Process/other – \$0.12/kWh saved
 - Gas improvements:
 - All improvement types – \$1.50/therm
- n You will receive the lesser of the calculated custom rebate or 70% of the eligible project cost, and the incentive may not reduce the simple payback period for the project to less than two years.

General Terms and Conditions

Important: Before completing and signing this application, please read the General Terms and Conditions located at MidAmericanEnergy.com/ee.

Do not forget to sign the Customer Agreement on the next page.

Customer Agreement
(Signature required before application is processed.)

I, the undersigned, agree that to the best of my knowledge, the energy efficiency measure listed herein is representative of the project we expect to implement. I understand that incentive amounts are determined from the project-specific data submitted with this application and provided during the review process, and that incentives for similar measures may vary from program participant to program participant based upon specific costs and savings. Incentives awarded are subject to available program funds. MidAmerican Energy Company may conduct a pre- and/or post-installation inspection to verify savings. I am authorized by the customer organization listed above to submit this summary on its behalf.

My signature indicates consent to and agreement with all program terms and conditions, certifies that all information on this application is correct, and that all the listed new equipment has not been purchased and/or installed at the indicated location. My signature also authorizes for MidAmerican's Program Implementation Contractor to have access to all electric, lighting and gas billing information for the account numbers included in this application.
