HEATING AND COOLING
APRIL - DECEMBER 2019 IOWA FOR YOUR HOME REBATE APPLICATION

Instructions: Fill out application completely and sign. Attach itemized invoices and supporting documentation, if applicable. Failure to complete the required sections and provide documentation will result in denial of application.

Equipment must be purchased and installed between Apr. 1, 2019 and Dec. 31, 2019 prior to submission of final rebate application. Rebate applications for equipment/material purchased must be submitted within 45 days of dealer invoice or by Jan. 31, 2020, whichever comes first.

Rebates cannot exceed 50 percent of the installed cost (reasonable labor and material/equipment – reasonableness to be determined by MidAmerican Energy.) Installed cost includes contractor labor only and does not include internal labor.

Rebates are issued on a first-come, first-serve basis. Rebates are offered until approved funds are exhausted or through Dec. 31, 2019, whichever comes first.

Future Program Participation Opportunity (Optional)

In 2019, MidAmerican Energy Company may expand the SummerSaver™ demand response program to include participants with qualified smart thermostats. When the demand for electricity is the highest, this program allows us to control the operation of your home air conditioner compressor or air-source heat pump by establishing a connection with your smart thermostat through the smart thermostat manufacturer. If the SummerSaver program is expanded to include cycling events through smart thermostats and if you have a qualifying smart thermostat, would you be interested in participating in this program?

- Yes
- No

If yes, please indicate the method in which you would like to be contacted:
- U.S. Mail
- Phone
- Email

Smart Thermostat Specific Terms and Conditions

- Smart thermostats must be purchased, installed and registered with the manufacturer by Dec. 31, 2019.
- The rebate is only available for ENERGY STAR certified smart thermostats that are purchased new. Resale thermostats, new parts installed in an existing smart thermostat, or a smart thermostat that is leased, rebuilt, rented, received from insurance claims, received from warranty, received with reward points or won as a prize do not qualify.
- The rebate is only available for the replacement of existing manual or programmable thermostats. Replaced products must be permanently removed and disposed of in accordance with local codes and ordinances.
- Smart thermostats must be fully installed, operational and connected to the internet via Wi-Fi prior to submitting a rebate application.
- Smart thermostats must be installed in a property owned by the applicant, or the applicant must receive permission from the property owner to install the equipment. Submission of an application indicates that the tenant has obtained this permission.
