

INDUSTRIAL PARTNERS

2019 ILLINOIS PROGRAM ENROLLMENT APPLICATION

Instructions: Fill out form completely and sign. MidAmerican Energy Company or its program implementation contractor will respond within five business days of receipt of the application.

Questions or need assistance with the form? Contact your MidAmerican Energy key account manager or call **800-432-8583**.

Program Overview: MidAmerican Energy offers the following services through the Industrial Partners program:

- **Project Identification Assistance:** No-cost facility energy assessments to identify energy-saving opportunities.
- **Project Evaluation Assistance:** Objective, third-party engineering review of identified energy-saving opportunities to evaluate project economics and determine energy and cost savings.
- **Individualized Support:** Individualized support to streamline a participant's program experience and maximize savings.
- **Enhanced Incentives:** Bonus incentives above and beyond standard rebates for eligible projects.

Enrollment in the Industrial Partners program represents a mutual commitment between MidAmerican Energy and your organization to achieve the common goal of implementing cost-effective energy-savings opportunities at your industrial facility(ies).

Customer Authorization and Signatures

I, the undersigned, certify that as the applicant representative, I have the authority to bind the organization listed in the Customer Information section on Page 1 (herein called Customer) to the terms of the Industrial Partners program (herein called Program). I further certify that:

1. The information provided in this application is complete, true, and correct and is representative of the facilities listed herein and I will notify MidAmerican Energy Company (herein called Company) and Company's Program Implementation Contractor, Nexant, Inc., (herein called Program Contractor) immediately of any changes to the information;
2. I have read and agree to comply with the terms set forth in the General Terms and Conditions located at MidAmericanEnergy.com/ee; and
3. I have read, understand and agree to be bound by and comply with the general terms set forth below.

AUTHORIZATION OF CUSTOMER BILLING/USAGE DATA

Customer hereby authorizes and appoints Program Contractor* to request and receive billing data from the records of Company for a period of two years prior to a requested analysis/assessment. Company is authorized to provide electric, lighting and gas billing information for Customer for all facilities listed on this application, including: account numbers, meter numbers, kW, kWh, kVar, therms, taxes and bill amount information. Customer agrees to allow Program Contractor to have access to Customer's energy usage and revenue data.

AUTHORIZATION TO CUSTOMER'S FACILITIES

Customer shall permit Program Contractor access to the Customer facility during normal business hours to complete requested identification and analysis services and shall make available at least one person who is familiar with the systems and facility. In the case of a leased facility, Customer certifies that Customer has obtained appropriate permission from the building owner.

TRADE ALLIES

As a convenience to customers, Company may provide a list of contractors, distributors, manufacturers, and other organizations ("Trade Allies or Trade Ally") that may assist customers with Company programs. Customer acknowledges that Trade Allies are independent contractors with respect to the Program, and that Trade Allies are not authorized to make representations or incur obligations on behalf of Company. Participation as a Trade Ally does not constitute an endorsement by Company, nor does it certify or guarantee the quality of work performed.

INSTALLER SELECTION

Customer acknowledges that while the Program provides project identification assistance, project rebates, and technical assistance, neither Company nor Program Contractor will install any equipment or implement any energy-saving opportunities. Customer shall independently evaluate any information provided by Company or Program Contractor related to estimates of energy savings or costs and selection or implementation of opportunities. Customer is solely responsible for the selection of equipment or opportunities to be installed or implemented and for the selection of a Trade Ally to complete the implementation of any opportunities. Responsibility for delivery and workmanship related to any equipment or services Customer procures with a Trade Ally exclusively rests with the Trade Ally selected by Customer. Company and Program Contractor do not guarantee that installation and operation of high-efficiency equipment will result in reduced usage or in cost savings. Company and Program Contractor make no warranties, expressed or implied, with respect to any equipment purchased or installed, including, but not limited to, any warranty of merchantability or fitness for a particular purpose. In no event shall Company or Program Contractor be held liable for any incidental or consequential damages or injuries resulting from defective equipment or installation. Customer is encouraged to negotiate product warranties and appropriate insurance coverage with their installer.

INDEMNIFICATION

Customer agrees to defend, indemnify and hold Company and Program Contractor harmless from and against all damages, claims, loss or liability on account of damage to property, bodily injury or death, or personal injury of any person(s) caused by an occurrence arising out of Customer's participation in the Program.

SYSTEM OPTIMIZATION PARTICIPANTS

Customers who elect to participate in the system optimization offering and accept study funding agree to comply with system optimization requirements set forth in the program brochure, including the requirement that participants implement a minimum amount of study-identified optimization opportunities within a specified amount of time. Noncompliance with any of the system optimization requirements may result in the participant being held responsible for payment of time and materials costs incurred by the qualified service provider for all system optimization-related activities.

PROGRAM CHANGES

The Program may be changed, suspended or canceled by Company at any time without prior notice; it is the responsibility of the Customer to stay apprised of such changes. Under such circumstances, the Customer is not entitled to any Program benefits in excess of those approved prior to such action by Company. Company's acceptance of this application does not guarantee payment of any rebates.

As the Customer Representative, I have the authority to bind the Customer to these terms.

Customer representative printed name	Customer representative title
Signature	Date

*All Program Contractors to MidAmerican Energy Company are subject to a confidentiality agreement. A copy of this agreement is available to the Customer upon request.

Before you submit your form:

- Fill out the Customer Information section completely.
- Fill out a Facility Information section for each of your facilities.
- Read and agree to comply with the terms set forth in this application.
- Complete the Customer Authorization and Signatures section.
