

Air-Source Heat Pump Information

You must be a MidAmerican Energy Company residential electric customer to qualify. Equipment must be ≤65 MBtuh; AHRI Certified (coil and condenser must match). Provide furnace information if the furnace increases efficiency of heat pump.

Qualifying Efficiency	Equipment Rebate	Unit Size* (actual cooling tonnage rounded to nearest tenth of a ton)	Total Rebate
<input type="checkbox"/> SEER 15-15.9 <input type="checkbox"/> SEER 16-16.9 <input type="checkbox"/> SEER 17 and above	\$150/cooling ton \$200/cooling ton \$350/cooling ton		
Date installed	AHRI reference number		SEER HSPF
Equipment cost \$	+	Labor cost \$	=
		Total installed cost \$	Supplemental heat: <input type="checkbox"/> Electric resistance <input type="checkbox"/> Natural gas <input type="checkbox"/> Other <input type="checkbox"/> None
		Natural gas furnace model number (if applicable):	
Unit	Manufacturer	Model Number	Serial Number
Indoor			Capacity (MBtuh) Cooling capacity (MBtuh)
Outdoor			Heating capacity (MBtuh)

Central Air Conditioner Information

To qualify, you must be a MidAmerican Energy electric customer and equipment must be AHRI Certified. Must be <65 MBtuh; coil and condenser must be an AHRI match. Provide furnace information if the furnace increases efficiency of air conditioner.

Qualifying Efficiency	Equipment Rebate	Unit Size* (actual cooling tonnage rounded to nearest tenth of a ton)	Total Rebate
<input type="checkbox"/> SEER 15-15.9 <input type="checkbox"/> SEER 16-16.9 <input type="checkbox"/> SEER 17 and above	\$50/cooling ton \$100/cooling ton \$300/cooling ton		
Date installed	AHRI reference number		Capacity (MBtuh)
Equipment cost \$	+	Labor cost \$	=
		Total installed cost \$	
Furnace manufacturer/brand name		Furnace model number (if applicable)	
Unit	Manufacturer	Model Number	Serial Number
Indoor			
Outdoor			

*Rebate is based on actual equipment rating in Btuh at AHRI rating conditions. Divide Btuh by 12,000 to calculate unit size in tons.

Smart Thermostat Information

MidAmerican Energy must provide the primary heating fuel to your home. Smart thermostat must be ENERGY STAR® certified. Rebate amount cannot exceed 50% of the smart thermostat purchase price, excluding taxes, shipping and installation charge. An additional \$25 rebate is available if professionally installed.

<input type="checkbox"/> Smart thermostat rebate = \$100/unit		<input type="checkbox"/> Professional installation rebate = \$25/unit (include copy of installer's invoice)	
Date installed	Equipment cost \$	Installation cost (if applicable) \$	
Manufacturer/brand name	Model number	Serial number	
Smart thermostat controls: <input type="checkbox"/> Furnace <input type="checkbox"/> Boiler <input type="checkbox"/> Central air conditioning <input type="checkbox"/> Heat pump <input type="checkbox"/> Resistance heat			

Disclaimer

MidAmerican Energy Company does not guarantee that installation and operation of high-efficiency equipment will result in reduced usage or in cost savings. MidAmerican Energy Company makes no warranties, expressed or implied, with respect to any equipment purchased or installed, including, but not limited to, any warranty of merchantability or fitness for a particular purpose. In no event shall MidAmerican Energy Company be held liable for any incidental or consequential damages or injuries resulting from defective equipment or installation. MidAmerican Energy Company reserves the right to cancel or change these programs at any time. MidAmerican Energy Company's acceptance of this application does not guarantee payment of rebate.

Specific Terms and Conditions

- Participants must be residential customers located in MidAmerican Energy Company's **South Dakota** service territory.
- For prescriptive rebates, the rebate payment cannot exceed 50 percent of the installed cost (reasonable labor and material/equipment – reasonableness to be determined by MidAmerican Energy Company). Installed cost includes contractor labor only and does not include internal labor.
- MidAmerican Energy Company must directly provide the primary electricity or natural gas to the equipment for which the rebate is being paid. See specific equipment requirements to ensure your equipment qualifies.
- Rebate amount cannot exceed installed cost.
- Equipment must be new and installed on the premises.
- **Rebates for all South Dakota energy efficiency programs are issued on a first-come, first-served basis. Rebates may not be available if 2019 program funding is depleted prior to the end of the year.**
- Invoice/receipt must show manufacturer's name, model/serial number, efficiency rating and quantity of qualifying equipment purchased and installed.
- Electric customers who purchase a new natural gas furnace with an energy-efficient fan motor qualify for the \$50 fan motor rebate.
- Must be AHRI Certified or ENERGY STAR certified, as indicated.
- **Allow up to 4 weeks for rebate processing once application and supporting documents are received (excluding on-site verification time, if needed).**
- MidAmerican Energy Company reserves the right to inspect and verify installation before or after issuing the rebate payment.

Customer Agreement	
My signature indicates consent to and agreement with all program terms and conditions, certifies that all information on this application is correct, and that all of the listed new equipment has been purchased, installed and is operating at the indicated location. I understand that MidAmerican Energy Company reserves the right to inspect and verify installation before or after issuing the rebate payment. Further, I understand that rebates may not be available if 2019 program funding is depleted prior to the end of the year.
